RACE VERDICT

Hostility looks like a nice prospect after three highly promising runs but with doubts about how well the ground will suit the son of **No Nay Never**, **RAYKIR** is preferred. He's shaped with plenty of promise in a couple of his runs so far and is proven on rain-softened ground so he should go well if he takes to the first-time headgear. Stall 15 isn't ideal for **Admiral Churchill** who also gets blinkers for the first time and a gelding procedure could also help him get back on track after a promising run at Galway last season.

HORSE WELFARE - A PRIORITY

At every race meeting there are specially qualified equine veterinary surgeons on duty to look after the wellbeing of all the horses racing. There is a vet in attendance at the start of each race who, follows the horses throughout the race and is quickly on hand if a casualty occurs. It is normal procedure to erect screens around any horse receiving veterinary treatment. This allows the veterinary surgeon some privacy to fully assess the horses' injuries and race goers should not assume the worst if screens are erected around an injured horse. The Blue Cross ambulance is always present to transport the horse back to the stable yard for further treatment if necessary.

A second veterinary surgeon is in attendance in the stable yard to assess and treat any horses requiring such attention post race.

The horses' welfare is always our priority.

HORSE WELFARE -A PRIORITY

At every race meeting there are specially qualified equine veterinary surgeons on duty to look after the wellbeing of all the horses racing. There is a vet in attendance at the start of each race who, follows the horses throughout the race and is quickly on hand if a casualty occurs. It is normal procedure to erect screens around any horse receiving veterinary treatment. This allows the veterinary surgeon some privacy to fully assess the horses' injuries and race goers should not assume the worst if screens are erected around an injured horse. The Blue Cross ambulance is always present to transport the horse back to the stable yard for further treatment if necessary.

A second veterinary surgeon is in attendance in the stable yard to assess and treat any horses requiring such attention post race.

The horses' welfare is always our priority.

RACE VERDICT

Rated in the 80's in his prime, the veteran **TAKEACHANCEJIMMY** ran a cracker at Bellewstown recently on returning from an absence and still appears well handicapped despite a 3lb rise. He gets the vote ahead of the likes of **Relevant Range**, **Tofino** and **Finsceal Annie**. **Vega's Muse** is an interesting runner, declared to run at Gowran on Wednesday.

RACING PAST

SELECTION: BAY COLONY

RACE VERDICT

Five of these hold Irish Oaks entries, the best with form to-date being **Bay Colony** but she is not guaranteed to stay this sort of trip and is opposed by the debutante **JANNAH STAR**, a daughter of **Sea The Stars** whose dam has already a couple of smart middle-distance types. The selection's yard also runs **Matrice**, a daughter of Frankel who has shown promise on the AW and has to be respected.

RACE VERDICT

A few in with claims but the four-year-old filly **OUT FOR A STROLL** makes plenty of appeal. She was in good form over hurdles in the winter and could be well treated back on the level, particularly with this new trip likely to suit. **Slieve Bearnagh** could be the main threat if he comes on for his return and **Fascinating Shadow** is another that wasn't disgraced on his seasonal reappearance.
